

About FCMAT

The Fiscal Crisis and Management Assistance Team (FCMAT) was created by legislation in 1992 as an independent and external state agency. FCMAT's mission is to provide proactive and preventive fiscal, business and management review services that help local educational agencies comply with fiscal accountability standards and incorporate best practices.

FCMAT has performed more than 1,000 reviews for K-12 school districts, county offices of education, community colleges and charter schools. Management assistance requests represent approximately 75% of FCMAT's work. Areas of review include budgets and multiyear financial projections, reviews of business services, organizational effectiveness, special education, transportation services, maintenance and operations, and technology. Approximately 5% of FCMAT's work is on reviews assigned by the state Legislature or county superintendents and involves assistance with averting the need for emergency state loans. Assembly Bill 139 extraordinary audits, which review possible fraud or misuse of funds and are requested by county offices of education, also comprise approximately 5% of FCMAT's work.

The remaining 15% of FCMAT's work includes developing and providing numerous publications, software tools, workshops and professional development opportunities to help local educational agencies operate more effectively and fulfill their oversight responsibilities. FCMAT manages the California School Information Services (CSIS) database, the largest known K-12 educational data collection system.

Funding

FCMAT is funded through appropriations in the state budget and modest fees to client agencies.

FCMAT's Services

Fiscal & Management Assistance

FCMAT's primary mission is to help California's local educational agencies and institutions identify, prevent and resolve financial challenges. FCMAT's services are used not just to help avert fiscal crises, but to promote sound financial practices and effective and efficient operations.

FCMAT's services may be requested by a school district, charter school, community college, county office of education, the state, the Community College Chancellor's Office, Superintendent of Public Instruction, or the Legislature.

When a request or assignment is received, FCMAT assembles a study team that works closely with the local educational agency to define the scope of the study, conduct a review and provide a written report with detailed findings and realistic recommendations to help resolve issues, overcome challenges and successfully plan for the future. This approach, combined with a high level of professionalism and service, has resulted in consistently high ratings on clients' post-study evaluations.

Study Teams

FCMAT study teams are led by one or more experienced full-time staff members and include highly qualified consultants with demonstrated expertise in their respective fields. Most consultants are actively working in a school agency, institution or JPA, or are retired from a successful career in the specific area to be reviewed.

Fiscal Advisor Services

FCMAT staff members occasionally serve as short-term fiscal advisors to districts and county offices that are in a fiscal or leadership transition or that require additional fiscal expertise.
